

  
Chairman Phil Mendelson

**AN AMENDMENT**

Bill 24-665, "Access to Advanced Placement Exams Amendment Act of 2022"  
(*Engrossed Version*)  
December 6, 2022

---

**Amendment #1:**

A new section 2(g) is added as follows:

"(g) This act shall not be construed to require DCPS to offer a test to a non-enrollee student when that particular test will not be offered at any DCPS school during the relevant school year or term."

**Rationale:** Homeschooled students may be enrolled in AP courses that are not offered at DCPS schools. This amendment strengthens the current language and clarifies that DCPS is not required to offer an AP course or test to homeschooled students that is not offered at a DCPS school in the relevant school year.
